

# Take Back Program

SitOnIt • Seating®

SitOnIt Seating and IDEON offer the Take Back Program to minimize product waste and make environmental responsibility easy for our customers. Our dedication to green processes begins with smart manufacturing and continues through every stage of our product's lifecycle. During manufacture, we maximize material usage and minimize or recycle waste. Our products are GREENGUARD or GREENGUARD Gold certified, protecting your office environment from harmful emissions.

But our commitment to green production doesn't end there. We are conscientious about waste at the end of our product's life as well. SitOnIt Seating and IDEON have partnered with the nonprofit environmental organization ANEW to offer a return program for surplus product – regardless of condition.

Where possible, ANEW matches the used products and materials otherwise destined for landfill with local non-profits and public agencies. The remainder is recycled or considered for energy-from-waste to avoid deposit in a landfill.

SitOnIt Seating is committed to making this relationship a part of our sales strategy and is proud to recommend ANEW to customers who wish to recycle their furniture for the good of the community and the environment.

Visit [www.aneufound.org](http://www.aneufound.org) to find out more. To take advantage of our **Take Back Program**, contact our Customer Service team at (888) 274-8664, or send an email to [customersupport@sitonit.net](mailto:customersupport@sitonit.net).
