Effective April 1, 2014

SitOnIt • Seating™

Since 1996, we've built a reputation for making well-designed, comfortable and affordable office seating. Our unique build-to-order manufacturing model allows us to create beautiful and reliable ergonomic chairs and ship them quickly.

## **BUILD-TO-ORDER**

We make over 3,000 chairs per day, built exactly the way you want, with absolute attention to quality control. Executive, conference, task, multipurpose and lobby seating – we've got it all. We support the Buy American Act and all SitOnIt Seating products are built in our factory in Buena Park, California.

## **FASTEST SHIPPING**

Our nimble size and lean manufacturing operation mean speed in sourcing, warehousing, assembly and logistics that other manufacturers just can't match. This helps us cut lead time, sync orders to ship dates, and avoid redundant and off-schedule shipments, making us the fastest in the industry.

## **AFFORDABLE & EASY**

You'll get more for your dollar with a SitOnIt Seating chair. All we do is make great seating and deliver it fast, backed by an outstanding customer service experience before, during and after each sale.

## **WORLD-CLASS DESIGN**

We exceed expectations with elegant product collections developed by renowned designers and engineers.

## **OUR COMMITMENT TO SUSTAINABILITY**

Our commitment to sustainability makes it easier to design and build green, or upgrade your facility to the latest environmental standards.

## **DURABILITY**

All our high-quality products are developed and sustainably built in the USA, making SitOnIt products a cost-effective solution for any location.

## **DESIGN FLEXIBILITY**

Our elegant product collections have been developed by world-renowned designers with the goal of giving you the ability to create custom seating to your own specifications.

## **LEED CERTIFICATION**

Earn points toward LEED certification thanks to our US manufacturing location and our consciousness of recycled material.

## **ENVIRONMENTAL DATA SHEETS**

Our Environmental Data Sheets are detailed documents declaring the percentage of recycling content, manufacturing process and indoor air emissions.

## **GREENGUARD CERTIFICATION**

All SitOnIt Seating products have been tested and certified by the GREENGUARD Environmental Institute and have met the rigorous criteria required by GREENGUARD Children & Schools in accordance with the Collaborative for High Performance Schools.

# COMPONENT PRICING

SitOnIt • Seating™

## INTRODUCING COMPONENT PRICING

The new 2014 SitOnIt Seating Price Guide features component pricing. Component pricing puts you in the driver's seat: it is designed to show you exactly what you are paying for.

The following pages provide the specific product information that will help you price and create a custom model number for your chair or stool.

Begin at step 1 and work your way through the worksheet by choosing a back and arm style, seat and frame type, mechanism, base, material, accessories and packaging method (sequence and number of steps will vary depending on product).

The choices you make will either add to or subtract from the prominently listed base price. Standard features add nothing to the base price, and some choices are even a deduction! At the Final Price Calculation step simply enter the item codes and add up the pricing.

Specify the quantity desired and your requested delivery date and fax the worksheet along with your P.O. number and contact information to (714) 995-4855 or email to [purchaseorder@exemplis.com](mailto:purchaseorder@exemplis.com). Or transfer the information to your own company's order form.

All products, prices and codes are subject to change. For the most current information see the SitOnIt Seating Price Guide online at [www.sitonit.net](http://www.sitonit.net).

Welcome to the new SitOnIt Seating Price Guide 2014!

LEADER KNIT BACK

# NON-STOP HEAVY DUTY TASK CHAIR

Non-Stop Heavy Duty is a powerful combination of durability and comfort for task-intensive environments. Non-Stop differs from the typical chair construction in that all mounting points – seat to mech, arms to seat and J-bar to back – are re-enforced with heavy gauge steel mounting brackets. These solid steel fasteners are second to none for reliability and ergonomic comfort in high-intensity environments where chairs perform all day, every day and support a wide range of users. Non-Stop is available in two sizes with five arm and multiple control options. These heavy duty chairs are rated to accommodate users up to 350 or 500 pounds and easily handle the demands of 24-hour environments.

# WIT TASK STOOL

Adjustable lumbar support, height adjustable arms and multiple mesh colors are unexpected standard features given the surprisingly low price of the Wit collection. This smart task stool has a pull handle for easy mobility in collaborative environments. Wit midback stools can be customized with black or silver accents, six mesh back colors and thousands of textiles for the upholstered seat. Choose armless, fixed, height adjustable or multi-adjustable (height/width) arms. Other options include a brushed aluminum base and seat depth adjustment. The Wit task stool was conceived with equal portions of design, comfort and value in mind, making this ergonomic collection perfectly suited for task, conference, and collaboration environments.
