

HiQ™

SitOnIt • Seating®
sitonit.net/hiq

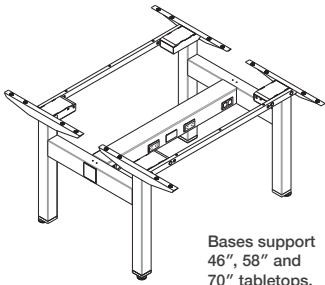

From productivity hubs to collaboration hotspots, create places for “getting it done” with HiQ™. It’s a height-adjustable total benching solution that promotes healthier environments through essential ergonomics, connectivity and workspace division.

FEATURES

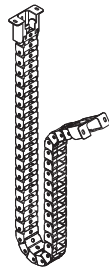

- Take ergonomics to a new level with push-button height adjustability (27.5" to 46.4" tall, excluding top)
- Add a little privacy in shared setups with any Motif or Doodle screen as well as optional laminate boundary screens
- Build powerful places of productivity with a robust roster of workstation accessories
- Clear the clutter using cable, data and power management enhancements (beam or trough)
- Customize build-outs to fit your corporate, healthcare and education environments
- Standard control includes four programmable positions and features integrated gyrosopic anti-collision sensor
- Maximize power and data access with up to six duplexes per workstation and capacity for up to 48 CAT6 cables
- Make setup seamless with "above-beam" power and data installation
- Robust steel construction exceeds BIFMA standards for safety and reliability

Bench

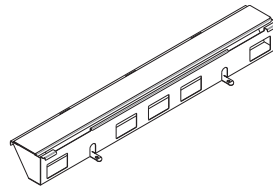

Bases support 46", 58" and 70" tabletops.
