
Nano[®]

SitOnIt • Seating[®]

Four shapes. Countless possibilities.

Meet Nano, our uniquely designed and easy-to-spec modular lounge collection. These four curated, comfortable pieces fit together seamlessly to create whatever shape you need. They can work as stand-alone pieces or be combined to create thousands of configurations.

California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

Sharply soft

Balance clean, modern lines with supreme comfort. A round edge design eliminates sharp shadows, creating a shape that not only saves space but is also warm and inviting.

Dual upholstery can create a remarkably refined look.

Easy A

Nano's geometric and modular shapes make it an intelligent seating solution for educational spaces, while the playful design and low profile express an inviting area for solo or group study sessions.
